PROJECT WEBSITE

<http://www.teceng.com/butler-street-traffic-impact-study-project-webpage/>

The image shows a screenshot of a project website for the Butler Street Traffic Impact Study. The website is designed with a clean, professional layout. At the top, there is a navigation bar with the TEC logo and contact information. Below the navigation bar, there is a large photograph of Butler Street in Marietta, Ohio, showing a historic building and trees with autumn foliage. The main heading reads "Butler Street Traffic Impact Study" and "City of Marietta, Ohio". A central box contains the text "NOTICE OF PUBLIC MEETING" and "Public Meeting" with a date and time. Below this, there is a "Project Description" section. On the right side of the website, there is a "Schedule" section with a table listing various project milestones, their start and completion dates, and a "Survey" section with a prominent green button labeled "Click Here to Take Survey".

Butler Street Traffic Impact Study
City of Marietta, Ohio

NOTICE OF PUBLIC MEETING
Public Meeting
When: 7:00pm-9:00pm
Date: 10/21/2018
ADDRESS: 150 W. MARKET ST. (at 25th Street) Marietta, Ohio

Project Description:

The City of Marietta is seeking a consultant to assist in the traffic impact study needed for the possible closure of Butler Street between Road 1 Street and Road 2 Street on the Marietta College campus. This study is a public project of the Marietta College.

- Organize and deliver of traffic study to the public. When the traffic study is complete, make a public meeting.
- Prepare final report and provide for the City of Marietta. When the study is complete, provide for the City of Marietta.
